

## Scarves to Throws – Month 2

By: Iris G  
For Jimmy Beans Wool

Our knitting guru Allie helped me put together this pattern. Using 1 hank of Shepherd Worsted Motherlode and smaller needles (US 8 is small for me!), we were able to create a scarf that's nearly as long as the first Month's... In fact, when i block it enough, i can get it to be exactly the same length... the throw is already starting to take shape!! If you've never worked on an Entrelac project before, browse our earlier article, ['Working through the Entrelac Shawl'](#) for tips. Also, I found that knitting backwards was a useful skill to have when knitting this scarf. You can find help on our [Knitting Backwards article](#).

**Finished Measurements:** 5 x 65 inches (after some serious blocking and stretching!)

### Materials

- 1 ball of [Lornas Laces Shepherd Worsted in Motherlode](#)
- [Straight knitting needles, US size 8](#) (I knit loosely, so you might want to bump up to a US 9 if you knit tightly)

### Gauge

- In pattern stitch, 18 stitches = 5"

### Abbreviations

- CO: cast on
- R/S: Right Side
- W/S: Wrong Side
- Turn: flip the work - e.g., if you were working on the right side row, flip the work so you are now working on the wrong side.
- K: knit
- Kf&b: increase 1 stitch by knitting into the front and back of the stitch.

- Inc: increase 1 stitch invisibly (using the left needle, pick up the ladder stitch and then knit into the back of that stitch with the right needle).
- K2TOG: knit 2 stitches together, as if they were one.
- SSK: Slip 1 stitch as if to knit. Slip the next stitch as if to purl. Return those 2 stitches to the left needle and then K2TOG into the back of those stitches. Insert the left needle into these 2 sts (from left to right). You can view photos of this technique on our [Decreases article](#).
- P: purl
- P2TOG: purl 2 stitches together, as if they were one.
- Sl1: slip 1 stitch. On RS rows, slip the stitch purlwise with the yarn in back. On WS rows, slip the stitch purlwise with the yarn in front.

**Directions (each section is separated by the italic headings)**

*Set up - Base Triangle Row (each number below denotes the row)*
