Pattern Notes

Stripes, stripes, and more stripes! This simple stockinette project is all about the interplay of color, but mostly about finding a good excuse to knit with Qing's Yak Single. The fabric of this scarf is lush and drapery, and feels downright amazing on the skin!

Shown in four colors, only about half the yarn is used, so this size scarf could be made in only two skeins if desired. Or, simply make two scarves with four skeins!

Weaving in the ends as you go is recommended, as it won't be possible to do so after the ends of the scarf have been closed.
