

Ruby Crest Hat and Mitts

Last year for my hubby Nick's 30th birthday, the only thing he wanted was to hike the Ruby Crest Trail. The 35 mile, high altitude trail stretches across the crest of the Ruby Mountains in eastern Nevada and had been on our bucket list for years. We love to get out to the Ruby Mountains to camp and hike as often as we possibly can but we hadn't yet attempted the big trail so we finally decided to go for it. Seeing the remote nooks and crannies of the Ruby Mountains was amazing and it's some of the most beautiful country we've experienced to date.

The ridges and valleys of the Ruby Mountains inspired this month's design. As I was trying to figure out what to make for Nick for Christmas, this squishy garter stitch pattern with slipped stitch detailing just popped into my head. Nick loves just about anything handknit, but I knew this would quickly become one of his favorites-- especially since it is inspired by one of our favorite places.

The Fibre Co.'s Terra is the perfect yarn for this hat and mitt set-- warm, textured, and just delightful to knit with! I love the way that the Terra yarn has little slubs of texture throughout which gives the overall look of the set a rustic feel. The slipped stitch faux "seams" create interest and give the hat and mitts a unique ridged look and are perfect for an advanced beginner or intermediate knitter. I hope you enjoy wearing this set as much as Nick does!

Materials:

- 4 Skeins of Fibre Company Terra -2 of color A and 2 of color B (Shown in Black Locust Bark and Wild Clary.)
- US 7 16" Circular needle
- US 7 Double Point Needles
- Tapestry Needle for finishing

We truly hope you enjoy this knitting pattern! This pattern and the associated photographs are for personal non-commercial use and are not for resale. Please respect the people who worked to create this pattern and do not make copies. Thank you! Copyright 2012 Jimmy Beans Wool.
